0917-000-0000 | maryjoy@gmail.com | Pasig City, Philippines | linkedin.com/in/maryjoy-bernabe

PROFESSIONAL SUMMARY

Results-driven Business Analyst with 2+ years of experience in evaluating business requirements, designing process improvements, and collaborating with cross-functional teams to deliver data-driven technology solutions. Adept at bridging the gap between business stakeholders and technical teams, optimizing workflows, and supporting systems integration in fast-paced environments.

PERSONAL PROFILE

Age: 24 years old

Civil Status: Single

Nationality: Filipino

Date of Birth: April 05, 2001

Religion: Roman Catholic

Language: English &

Filipino

Place of Birth: Pasig City, Metro Manila

WORK EXPERIENCE

Business Analyst

March 2024 – Present

DataBridge Solutions Inc. | Ortigas, Pasig City

- Collaborated with department heads and stakeholders to gather, document, and validate business requirements, translating them into actionable functional specifications.
- Led end-to-end analysis of operational workflows, identifying inefficiencies that resulted in a 30% reduction in processing time across key business units.
- Developed detailed process flow diagrams, use-case documentation, and user stories used by the development team during sprint planning.
- Coordinated user acceptance testing (UAT) sessions, compiled feedback reports, and worked with developers to resolve issues prior to go-live.
- Delivered executive-level presentations summarizing project progress, risks, and recommendations to senior management.

Junior Business Analyst

January 2023 – February 2024

Nexus Tech Corp. | Makati City

- Assisted senior analysts in conducting gap analysis and process mapping for an ERP system migration project.
- Created and maintained requirements traceability matrices (RTMs) ensuring all business needs were addressed throughout the SDLC.
- Supported the implementation of a new CRM platform by documenting user workflows and training business users on updated processes.
- Prepared weekly status reports and meeting minutes for project stakeholders, ensuring clear communication across teams.
- Analyzed data from SQL databases and Excel dashboards to identify trends and present insights that supported strategic planning decisions.

EDUCATION

Bachelor of Science in Business Administration

2022

Major in Management Information Systems

Polytechnic University of the Philippines – Sta. Mesa Campus

SKILLS

- Business Process Analysis: Proficient in modeling AS-IS and TO-BE processes using BPMN and flowcharting tools.
- Data Analysis & Reporting: Skilled in SQL, Microsoft Excel (pivot tables, VLOOKUP, macros), Tableau, and Power BI for visualization and reporting.

- Requirements Engineering: Experienced in eliciting, analyzing, and documenting functional and non-functional requirements.
- Project Management Tools: Hands-on experience with Jira, Confluence, and Trello for Agile-Scrum project tracking and collaboration.
- Communication & Presentation: Strong ability to communicate complex technical information to both technical and non-technical audiences.
- Systems & Technology: Familiar with ERP systems (SAP), CRM platforms (Salesforce), and SDLC methodologies.
